REQUEST TO RESCIND NOTICE OF ABANDONMENT

Dear Sir:

In response to the Notice of Abandonment mailed June 29, 2000, the following information is provided to support Applicants' request to rescind the Notice of Abandonment. Specifically, the Office letter mailed on December 1, 1999 was not received in this office and, therefore, it was not possible for Applicants to file a timely response to the Office letter. The process for receiving, entering and tracking receipt of an Office Action is as follows.

The Mail Clerk opens the Office Action, matches the Office Action to the correct file jacket, and delivers the Office Action with its file jacket to the secretary assigned to

receive and process incoming Office Actions.

This secretary enters the Office Action information in the computer data base, notes the pertinent information on the cover of the file jacket, copies the Office Action (for the client), and gives the complete package to the responsible attorney for review and reporting of the Office Action to the Applicants.

The responsible attorney reviews the Office Action and dictates a letter reporting the Office Action to the Applicants. The file jacket and the Office Action are then given to a second secretary who prepares the reporting letter for signature, duplicates the reporting letter, files a copy in the file jacket, and sends the reporting letter and copy of the Office Action to the Applicant. This secretary notes in the computer database "OA TO CL 00/00/00" (00/00/00 indicating the date of the reporting letter). The file is then returned to the first secretary for verification that the "OA TO CL 00/00/00" is correctly entered in the database.

As shown in the attachments A - C, there is no record of receipt of an Office Action for the above-identified application. Attachment A is the main computer screen for the above-identified application. Attachment B is the Office Action computer screen for the same application. Attachment C is a copy of the file jacket cover. None of these attachments reflect receipt of an Office Action for the instant application. We have searched the file jacket for the Office Action. We have not found the Office Action or any record of receipt.

The first communication we received after filing the instant application is the Notice of Abandonment.

As shown by the attachments cited above, there is no record on the file jacket

cover of receipt of an Office Action dated 12/01/99 (this would have been reflected in the column entitled "Office Actions", Additionally, the entire file jacket was searched for the Office Action of 12/1/99 and it was not found.

Also enclosed please find two declarations (Attachments D and E) signed by the individuals who searched the file jacket for the Office Action and who have primary responsibility for the receiving and tracking of Office Actions..

Based on the information provided herein and the Office Action that was not received and is therefore missing from the file jacket, it is respectfully requested that the Notice of Abandonment be withdrawn and the Office Action of 12/01/99 be reissued.

Respectfully Submitted,

Robert - Becker
